

2025 BOM Quilt Challenge

For our 2025 Block of the Month Challenge, we will be making selected parts of quilts featured by the Modern Quilt Guild. Each month's instructions will include the featured quilt, the component that needs to be made, modifications for the BOM, and any setting strips needed, and the finished piece size. We have decided for simplicity we will be providing you with the pattern from MQG. Members will end the year with an amazing quilt and for some new skills.

The finished quilt is 72" x 84"

December: Kite Tails

Pattern by: Amy Friend

Finished size of this month's component is: 36.5" x 12.5"

You will construct 2 of the mirrored paper-pieced sections. Note: these are rotated 90 degrees for the BOM. Master strategy: improv the kite tails.
